High-Quality Cakes

We take pride in making high-quality cakes that are vegan, soy free, mostly gluten free, and handcrafted with love. Our cakes are frosted, not covered in fondant. Sometimes we use marzipan or chocolate to create intricate decorations, and employ sprinkles and glitter for extra fun touches. Otherwise, all decorations are piped, swooped, and done by hand. We are working hard to make most of our coloring natural from roots and vegetables and to make most of our products soy-free. Because of this, we have strict pricing and ordering requirements on our cakes which are detailed in this menu. We will work closely with you to make your celebration a success!

Please place your order **at least 72 hours in advance** of your desired pickup time. Cancellations by the customer must be done no later than 36 hours before pickup. We thank you for your understanding of our staffing challenges during this difficult time!

All cakes are 3 layers unless otherwise requested, and a single tier cake will be approximately 4.5 to 6 inches tall once frosted.
